Certain books of reference have been removed from the library which are in great demand in this agency, and a list of the books which have been so removed will be forwarded to the Executive Secretary, National Security Resources Board, under separate cover.

Also attached is a list of the personnel, Civil Service grades and salaries, who are presently on CIA rolls and it is understood that appointment actions under NSRB will be issued to be effective on 31 October 1947. Security investigations which are now pending will be completed and in the event that information of a derogatory nature is received, ~~that~~ *misleading* information will be forwarded to the Executive Secretary, NSRB, indicating those persons who would not meet CIA security standards in the event that they remain on CIA personnel rolls.

I believe that the above covers all matters concerned with this transfer and may I say it gives me great pleasure to have been of assistance to the NSRB in facilitating the transfer of this library.
